

Do you know who you are sleeping next to?

The **Marriott Rivercenter Hotel at 101 Bowie St.** has been the host of the abortuary “Planned Parenthood’s” Annual Luncheon Fundraiser for many years and the hotel company is a direct contributor to “pp” which is the largest perpetrator of women and killer of babies in the nation.

April 15, 2016 is the “Planned Parenthood” Annual Luncheon with Cecile Richards, ‘Planned Parenthood’ CEO and Dolores Huerta, Medal of Freedom recipient, in which they will encourage their financial supporters, mostly white females age 65 and older, to give them more money so they can provide “abortion care servcies”, simply known as surgical abortions, to young women who are 71% Hispanic (Brown) and 5% Black according to “pp” 2013 Annual Report. http://issuu.com/ppsouthtexas/docs/pp_ar_complete_final/1

63% of Babies Aborted in Texas are Hispanic and Black. In 2013, the Centers for Disease Control and Prevention reported that in Texas, **63 percent of the babies aborted were Black or Hispanic.** In fact, the Black and Hispanic babies aborted in Texas in the latest year on record exceeded the entire population of the city of Galveston. The combined **48,728 black and Hispanic babies aborted in Texas in 2009** equaled 63.1 percent of the total of 77,152 abortions in the state.

Do you want to support a business that is a perennial, large supporter of the abortuary “planned parenthood”? Is this the “we put people first” core values, corporate responsibility and heritage that the Marriott uses to market to customers? Do you want to be a part of the reality of the Marriott’s actual corporate culture?

Please consider contacting the Marriot Rivercenter Hotel and the Marriot Corporation and let them know that they should stop supporting this abortuary and you won’t stay at another one of their hotels until they do so. Their support of the hurting of women and the killing of children is unacceptable. They are actively participating in racial targeting and eugenic racism.

“There was a time when our enemies wore white hoods and drove old pickups. But today, they wear white lab coats and drive Jaguars. For our community, **the real weapon of mass destruction is** not in the Middle East, it’s **the suction machine at the local Planned Parenthood.**” – Dr. Johnny Hunter, National Director of L.E.A.R.N. BLACK GENOCIDE – *by the numbers:*

African-American women make up less than 13% of the female population but they have over **35% of the abortions.**

•
A black baby is now **five times** as likely to be killed in the womb as a white baby.

•
Nationwide, about the **same number** of black babies are aborted as are born. In some parts of the country the majority are aborted.

•
Since 1973, over 25% of the black population has been **exterminated** through abortion.

•
In the last 30 years, more than twice as many African-Americans have died from abortion than have died from AIDS, accidents, violent crimes, cancer, and heart disease **combined.**

•
Today, Planned Parenthood operates the largest chain of abortion clinics in the United States and their facilities are **concentrated** in minority neighborhoods.

Every 4 days,
more African-Americans
are executed by abortion
than the Klan lynched in
the last 150 years.

The fact is, what the Klan
could only dream about,
Planned Parenthood
is doing.
